

WHEN THE NIGHT WILL LET ME (hansbarger)

When the night will let me
When the day is done
When the night will let me
Be the only one

To rest in your arms again
To rest in your arms again.

Raven in the treetop
Waiting for the sun
To drop over the hillside
I'll be the only one

CH

On a job in Roanoke
Hammer in my hand
I would work the livelong day
To be the only man

CH

Pretty women passing by
Ribbons in their hair
Only thing that's on my mind
Is when I will be there
