

Sacrificial Lambs (mcgraw)

We hiked into the mountains on a beautiful clear day
A sacrificial lamb we did not have
As a dust storm swept the valley far below us miles away
Darkness took his mind and aimed to stay
My father sat in judgment on my life that very day
Only god himself could stay his hand
He was prepared to kill me, his delusion holding sway
Lead the lambs to sacrifice today

INSTR

We were learning ABCs and counting days and hours to go
Santa's sleigh was just around the bend
I've never been so scared in my short life until today
We heard yelling in the hall to run away
Insanity itself had come to shatter little minds
Lead the lambs to sacrifice today

INSTR (Rachmaninoff hook resolve)

Where has he gone? Why did he leave us?
Walmart guns and rent-a-cops in every school
God forsook the children up in Newtown even as they died
I fear that we've been played the fool
Insanity itself had come to shatter little minds
Lead the lambs to sacrifice today
