

## People Gonna Rise Up (Allen Kitselman)

(figure X3)

Never missed a payment

Never even late

Fully leased with a solid gold tenant from the Summer of 08

made it through the Great Recession

Kept the water out of the boat

Until they sold our loan to you *motherfuckers (greedy bastards\*)*

and you called in our note

### ***People gonna rise up (2X)***

(figure x1)

Hired us to build your house

your mansion stone and brick

you let us work for two solid years before you pulled your little  
trick

waited for the final payment then stuck us for a million one

refused to pay said, we'll see you in court, robbery without a gun

### ***People gonna rise up (2X)***

-BREAK-

(figure x2)

You buy your politicians

Solidify your power

Take all you can, give nothing back, and fill your golden towers

All the wealth that's flowed from the bottom to the top

The people gonna rise up, take it back from you, and bring this  
thievery to a stop

***People gonna rise up (4X)***

***Acapella.....***

***People gonna rise up (2X)with guitars back in***

\*children's show version
